Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Friday 01 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold with sunny intervals and some showers New Year's Day.

Today:
A frosty start to the New Year, with localised fog patches. Mostly dry with sunny intervals in the west, but cloudier with the chance of some scattered showers towards the south and east. Feeling cold. Maximum temperature 5 deg C (41 deg F).

Tonight:
A clear and dry night with the risk of widespread overnight frosts, icy patches and fog developing under the clear skies. Minimum temperature -6 deg C (21 deg F).

Saturday:
Largely dry on Saturday with plenty of sunny spells, although more cloud later may bring a few showers to the south and east. Another cold day. Maximum temperature 4 deg C (39 deg F).

Outlook for Sunday to Tuesday:
Bright spells on Sunday with some scattered showers, possibly wintry. Cloudier on Monday and Tuesday with further showers. Remaining cold and becoming breezy.
